OAK BACON CUPBOARD

Proudly handmade at our workshops in Suffolk, England

A late 18th century West Wales bacon cupboard made from fine Oak timbers. The original antique was used for storage of salted meats hung from hooks on the reverse side. This design has been adapted for modern usage; the cupboard facilitates storage of hats and scarves in the top locker, full length coats can hang behind the centre doors and the hinged lid in the lower half provides storage of shoes and boots, behind the dummy drawers. A very practical piece for an entrance hall.

A finish is a very personal choice, one of our experienced sales team will discuss and advise on the best finish for your piece of furniture.
